

Nil Ashal at the Futurity Show for Arabian race horses Alsfeld 27.03.2011

On the occasion of the German stallion license test in the equine centre of Alsfeld, twenty future Arabian race horses were shown in two halter classes.

There was a class for 3-year olds and one for 4-year old and older maiden horses. The high number of twenty nominated horses from Germany, The Netherlands and Switzerland was a big success for the organizer DRAV (German Racing Association for Pure Bred Arabians).

Nile Arabians presented the 3-year old stallion Nil Ashal (Nil Bedouin x Nil Abiat by Darike) in the class of the 3-year old horses. The young stallion, currently in training, got high marks with the maximum score of 10 for type, 9 for conformation, 8 for gallop and 7 each for legs, walk and trot on a scale from 1 to 10.

With the participation in this Futurity show a horse will be eligible in a series of five Futurity races in Germany during 2011. The Futurity program itself will be part of the performance test for Arabian race horses. We are convinced that this new concept is an interesting opportunity to promote and further develop the breed of Arabian race horses in the future.
