

NIL NOUTA, our first representative of the 6th generation of Nile Arabians N-Line, April 2nd, 2013.

On March 26th the first foal representing the 6th generation of Nile Arabians N-line was born. It is the filly Nil Nouta by Al Marid (Al Milan x Bafra B) out of the QR Marc daughter Nil Nikinikee.

The 4-year old chestnut mare Nil Nikinikee became mother for the first time. In 2010 and 2011 Nil Nikinikee (QR Marc x Nil Nana by Extreme) won twice the title "Best in Show" at the age of one and two year-old at the Swiss National Stock Show and was honored in her young age as the best bred mare in Switzerland.

Nil Nouta belongs to the first foal crop of the stallion Al Marid. Al Marid is an interesting young and still unproven sire owned by Sax Arabians in Germany. Using Al Marid on our N-Line will refresh the Egyptian blood in this originally straight Egyptian female line belonging to the Kuhaylan Rodan family. Al Marid's pedigree represents the Egyptian blood through the sire Al Lahab (Laheeb x The Vision HG) and the two mares Elf Layla Walayla B (Assad x 223 Ibn Galal I) and 245 Ibn Galal I (Ibn Galal I x

210 Farag II) and will “nick” in our N-line to the Egyptian sires Ruminaja Ali, Aswan and Ansata Halim Shah.
