

Nil Asfour – First offspring by Burning Sand in Switzerland, 13th of April 2013

On April 1st the dam Nil Abiat (Darike x Kadjouna de Nerak by Djourman) foaled a colt by Burning Sand, the leading sire in the United States by earnings since 2006.

Nil Asfour by Burning Sand out of Nil Abiat (Darike x Kadjouna de Nerak by Djourman) at the age of 3 days.

The colt Nil Asfour is a classical outcross product crossing the American blood of Burning Sand to the strongly French line bred pedigree of Nil Abiat who is twice inbred to the chef-de-race stallion Saint Laurant and the mare Mandragore and 3-times inbred to chef-de-race stallion Dragon and the mare Magnesie. In Nil Asfour's pedigree the speed of Burning Sand is combined with the stayer qualities of the French dam line.

His dam Nil Abiat belongs to the French El Hamdani family tracing back to the foundation mare Zenab (1879) of the Pompadour State Stud. This dam line produced such outstanding race horses like Tabarak (Amer x Altesse d'Aroco) or Aziz ASF (Amer x Azizza d'Aroco). Nil Asfour is the third foal of Nil Abiat and half-brother to 2012 Swiss Champion race horse Nil Ashal by Nil Bedouin and Nil Aziz, 2012 by Dahess.
