Nil Kebira (Dahess x Kahloucha) was ridden by Buti Ali Saif Ali Al Nuaimi with an average time of 17, 88 km/h. Three months before, on 15th April, she finished on the third place out of 21 horses in a CEI * competition over 80 kilometers in Lignières (France). End of 2017, on 18th November, she was for the first time successfully placed 7th over 120 kilometers in a CEI ** competition in Follonica (Italy).

Nil Kebira's dam **Kahloucha** is a Tunisian bred mare and a foundation mare of Nile Arabians. Belonging to the same dam line as successful race horses like **Madjani**, **Nour Thabet**, **Essana**, **Tornador**, **Al Jakbar** and **Seraphin du Paon**, she was herself a Group 3 winner with a total of 4 wins and 7 places in Tunisia and Europe. Her second filly, **Nil Kebira**, was in our racing stable as a 3 and 4 years old. Before being sold to Italy, she did race in flat races four times and was placed one.

Nil Kebira is a full sister of 2011 born mare **Nil Kamla** and a half-sister to 2007 born **Nil Karazi** as well as 2005 born **Kahrma**, both by **Dormane**.

The **Dahess** daughter **Nil Kamla** was winning the **HH Sheikh Zayed Bin Sultan Al Nahyan Listed Cup** in St. Moritz in 2016 and was Champion race horse of Switzerland in the same year. She changed to our breeding stable in 2017 and gave birth to her first foal in 2018: **Kiss du Nil** by **Amer** son **Assy**.

The half-brother of **Nil Kebira**, **Nil Karazi** (Dormane x Kahloucha), is also a winner on the race track and has been Champion Race horse of Switzerland in 2011. After his export to France he did win there three endurance races and has been placed twice.

The half-sister of **Nil Kebira**, **Kahrma** (Dormane x Kahloucha), did compete in international flat races for 9 times and has been placed 7 times. After her export to Italy, **Kahrma** has been placed in endurance races up to level CEN** over 120km.
