Congratulations to Stéphane Chazel and his team, especially his rider Ema Chazel. **KHAN DU NIL** represents the 3rd generation of Haras du Nil's "K" Line who produced many winners in flat races and in endurance. The sister of his dam, **NIL KEBIRA** has been placed twice over 160km in Euston Parc and the brother of his dam, **NIL KARAZI**, has been successfully in endurance racing up to 120km. We are delighted about this collaboration with the Chazel family and hope that **KHAN DU NIL** will succeed further.
